OIACONNECT

Comprehensive shipment visibility informs your current decisions and creates future business opportunities. OIA Connect provides accurate, timely shipment information to help you make data-driven decisions. The platform brings multiple systems together to display real-time cargo tracking data in one centralized location.

- ✓ Supply chain visibility in a single platform
- ✓ Share your shipment's progress with anyone
- ✓ Watchlists help monitor sensitive cargo
- ✓ Effective document management tool
- ✓ Set delivery notifications and exceptions
- ✓ Export and share reporting and analytics
- ✓ Track your customs releases and exceptions
